Contd.... On the atmosphere of Convention right now, here we have the **Top Best Convention City of USA**

#### #5 - Atlanta, Ga.

Georgia International Convention Center is just minutes from Hartsfield-Jackson International, making an Atlanta convention super easy and affordable to reach. The city's subway, MARTA, also delivers visitors right to the heart of the city where the Georgia World Congress Center is located. Accessing the plentiful nearby hotels and restaurants can be done with ease, and visitors will be spoiled for choice when trying to decide where to stay. With tempting regional cuisine and a boatload of downtown attractions to choose from, any convention trip will be complete.

#### #4 - Salt Lake City, Utah

Salt Lake City is easy to reach and magnificent Temple Square - the city's prime attraction - is right across the street. The city is so affordable overall that convention-goers don't mind having to grab a cab to see other attractions or find entertainment options. Salt Palace Convention Center is adept at handling large-scale shows and has plenty of nearby hotels and restaurants, making quick breaks easy. Salt Lake shopping is also intriguing, and mountain views are a daily bonus.

#### #3 - Nashville, Tenn.

Nashville's brand-spanking-new Music City Center, in the heart of downtown, is loaded for bear when it comes to amenities and extras. It's also connected to the new Omni hotel and the newly expanded Country Music Hall of Fame. A short stroll away are the honky-tonks of Broadway and unlimited free entertainment. Exciting city development plans have the convention center front and center, so amazingly, it only gets better.

#### #2 - Boston, Mass.

Easy to reach and even easier to navigate, Boston offers a top-of-the-line convention center to attendees and exhibitors. Capable of handling even the biggest of shows at The Boston Convention and Exhibition Center, the city also offers convention-goers good access to hotels, restaurants, fascinating historical sites and things to do after hours. The nearby Freedom Trail includes the Boston Tea Party site, Old North Church and several other landmarks. It's affordable to get around this compact New England hub and honestly, how many convention cities have water taxis?

#### #1 - Indianapolis, Ind.

Although Indiana Convention Center isn't near as many attractions or entertainment options as other cities can boast, it gets top marks for being near hotels and restaurants. And if you're a football fan, it's pretty thrilling to be across the street from Andrew Luck and the Colts come fall. The city is affordability and easy to get around, making Indy's convention center and its schedule all the more inviting.
